ABORTIONS LAST YEAR

OUR FOCUS

52%

OF ALL ABORTIONS HAPPEN IN ONLY SIX STATES.

**California / New York / Texas
Florida / New Jersey / Illinois**

**Pre-born! has seen
269,561 women
counseled & 48,317
babies saved in the
last 11 years**

Pre-born! Ministry Outreach

Ultrasound Machines

Over 25 actual machines placed in 2017.
Each machine has an average life service of 10 years!

Individual Ultrasound Sessions

Pre-Born has grown 70% in 2017! This has allowed us to provide every ultrasound given in the following cities:

The entire east coast of Florida from Miami to Jacksonville, Orlando Washington DC, and New York City. Pre-born! also provides the majority of ultrasounds given to young women in the following cities: Chicago, Atlanta, Philadelphia, and Los Angeles. Over 34,850 ultrasounds given to date.

TWO LIVES SAVED AT A TIME

Kelsey came to our center full of anger and seeking an abortion. She shared with one of our peer counselors about a lifetime of hurt and how her parents had abused her. She stated, "Sometimes I wish my mother had aborted me."

We proceeded to perform an ultrasound on her and to everyone's surprise, there were not one, but two babies! In that moment, Kelsey's heart began to soften. She wondered if this might be God's way of leading her to a new life.

We recently spoke to Kelsey to see how she had been doing. Through her difficult pregnancy, Kelsey realized that she wanted more for her babies than she could possibly give them. Working with an adoption agency that the Pregnancy Center referred her to, Kelsey made an adoption plan. She chose an amazing couple who love Jesus, but can't have children on

their own. Kelsey knew that the couple could give her little ones everything she could not.

Just two days before giving birth, Kelsey shared her story with a local women's group. Her strength and selfless plan to entrust her babies to someone else brought the women to tears. They gathered around her and prayed over her and the unborn babies. It was a powerful moment for all!

*Kelsey is learning more about a Father who loves her dearly. **Her two children will be raised to know the God who created them.***

Thank you for helping us make these miracles happen. Through these gifts, souls are being saved and lives are being transformed. We could not do this without you!

Evangelism

Pre-Born's evangelism program is titled The Invitation. This program continues to expand with over 1,200 volunteer counselors, trained to date, in cities across the United States. The centers which apply this evangelism curriculum have enjoyed tremendous increases in the number of women that have come to receive Christ. The average center had an increase of 127% in 2017.

2007 TO 2017 ULTRASOUND PROGRAM

Pre-Born! has placed 150 ultrasound machines in centers across America.

2017 STATISTICS
